	<i>Company to the New Appointee</i> [1 January 2030]	
Water Company	[name]	Dŵr Cymru Cyfyngedig

Application of General Conditions

This agreement incorporates Part I (Core Clauses) of the Water UK Bulk Discharge Agreement General Conditions (First Edition) with the exclusion of [Clauses 5.3 and 8.6 and Clauses 1, 2, 3, 4 and 5 of Schedule 1] (*to be included or deleted as appropriate depending on whether the NHH properties need a trade effluent consent*) and the amendments set out in Special Conditions 1 to 8 below

1. The Site as referred to in the General Conditions is the development of [] household properties and [] non-household properties at []
2. The definition of Charging rules should be amended as follows:
Rules made by the Authority that apply to the Charges.
3. The references throughout the General Conditions to the Environment Agency shall be amended to the Environment Agency or Natural Resources Wales as applicable.
4. Clause 5.1 shall be amended as follows:

Subject to clause **Error! Reference source not found.**, the *New Appointee* shall ensure at all times that there is excluded from the Discharge anything other than Foul Water which has been discharged pursuant to the Act to the New Appointee's Sewerage Network and, without prejudice to the generality of the foregoing, shall ensure that groundwater infiltration is properly managed in order to ensure that it is not excessive (and so that when the *Site* becomes established it does not exceed 10% of flow) at any time and there is excluded from the Discharge:

5. Clause 13.1 of the General Conditions shall be amended as follows:

It is hereby declared that nothing within this agreement precludes the *Water Company* or any other party from offering to supply sewerage services to any owner or occupier of premises within the *Site* either by means of a service from the *New Appointee* or the *Water Company* or any third party, provided that such a supply is permitted by English or Welsh law.

6. Clause 27.1 of the General Conditions shall be amended as follows:

This agreement shall be governed by the laws of England and Wales and shall be subject to the jurisdiction of the English and Welsh courts.

None of the Optional Clauses comprised within Part II (Optional Clauses) of the Water UK Bulk Discharge Agreement General Conditions (First Edition) have been applied but the Water Company reserves the right to introduce Clauses F and H should it deem it necessary at some point to install a discharge meter.

Additional Special Conditions

The following Special Conditions will also apply:

7. Connection

Any private sewerage system that intends to connect to the Water Companies sewerage network must comply with the provisions of Section 106B of the Act prior to the Water Company authorising the connection.

8. NAV Charging Arrangements

a) Infrastructure charges

The Water Company will issue invoices for Infrastructure Charges within 5 Business Days of the Reporting Date.

b) Bulk Discharge Charges [to be discussed]

c) Bulk discharge meter

Prior to the installation of a bulk discharge meter the Water Company will make representations to the New Appointee providing its reasoning for the proposed installation. The Water Company and New Appointee will use reasonable endeavours to agree alternative measures to resolve the issue without the installation of a permanent flow meter.

In the event that a flow meter is to be installed the parties will agree the location of the meter and access to carry out the installation will not be unreasonably withheld.

APPENDIX 1

Plan showing Site and Discharge Point

To be added once the discharge point/s are confirmed

DRAFT

APPENDIX 2

Contact Protocol
